AltraSoft E-friends PHP Social Networking and Web Blogging software

Hits: 10,620

Description: AltraSoft E-friends is an online social networking and blog hosting software that allows you to start your own profitable portal community just like MySpace.com, offering paid membership subscriptions. E-Friends allow members to connect to people in their personal networks and make friends, match making, dating, blogging and join groups and events. Features include: instant messaging system, classifieds, groups, forums, affiliate program integrated, online chat, personal blog, calendar, custom profile URL, friends search, email importer, hotornot image ranking, advance admin control panel, upload photos and many more. Check out our product page now to see how our E-friends revenue sharing model works.

They need to stop selling their software and take a few years to debug. If you turn on error reporting, you get flooded with notices, errors, and warnings. When you tell them to fix, they say, "just turn off error reporting!" What the heck! I need an extra thumb, to give them 3 thumbs down and a spit on the shoe.
