Dragon Business Directory

Hits: 1,618

Description: The Dragon Internet Business Search Directory - Pro is probably one of the most feature packed business directory applications available. Although initially conceived as a pure Business Directory it lends itself ideally to any fully featured Listing Application, which can readily customised for various applications, such as Tourist Attraction Directories, Rental Cottages, etc.

The whole application has been written under Dreamweaver 8 and uses an Access 2003 database, so customisation is extremely quick and easy.
