META-Gen

Hits: 623

Description: META-Gen allows you to create complete META tags via a form. You can enter values for description, keywords, resource-type, index, robots, distribution, author, and more. Output is displayed in a text block for easy copy + paste and you can use the script on your site, allowing visitors to create their own META-Tags. Excellent source of repeat traffic.

Resource Specifications

Version:	1.3
