Great Menu Script, Jul 12th, 2007

Reviewed By: lewis712

This restaurant menu script was so easy to use and it did everything and more that I needed it to do. It is easy to customize and it takes little time to get set up. I recommend this script to everyone.

Just what I needed, Jul 13th, 2007

I purchased this script a month ago. I am using it to update my website specials for a restaurant. Very easy manageable script. Gives you a lot of choices to add unlimited items, change the location, rotate them very easy to delete them. Has separate admin panel for managing it. Installation was very easy come with all the instructions in the documentation folder. Price is realy great for this product. My rating is 5+. Thank you.
