# Novozar ToolTip ActionScript Class

Hits: 488

**Description:** Novozar ToolTip class extends MovieClip class, it adds MovieClip.attachToolTip() method to a standard set of MovieClip methods.

Features:

- # Tool Tip text may be easily changed at runtime from the script
- # MovieClip.attachToolTip() method does not override MovieClip.onRollOver() or any other event handler defined in the script
- # Tool Tip always stays fully visible within the boundaries of the Flash movie
- # Fully customizable. You may adjust appearance and behavior of the Tool Tip

Clean and commented source code lets you tune the class if needed.

## Resource Specifications
