**Simply a great form script**, Apr 2nd, 2008

Reviewed By: bobthebob01

I have been using the pro version for a year on several project and the script does what's says it should and very well on top of that.

super easy to configure and to add to your site. Lot's of great feature.

And the support is world class.The answers are very prompted and easy to understand.

Charles understand he does not only deal with dev. but also newbies and give very simple and detailed solution.

A must for any web designer!

Application did not work. Support was non-exitant, refund policy atrocious.
