Funny Videos and Pictures Script - Automatically Updates Every Hour

Hits: 17,505

Description: Funny Videos and Pictures script is a revolutionary new piece of software which helps quickly build a humor video and pictures website. The script is designed to crawl several websites and update automatically every hour. So every hour you will have fresh content on your site without even spending a minute to update it. The script is designed to save bandwidth and space. The script is search engines friendly. Imagine, you will have hundreds of new funny videos and picture within few days without even doing a thing. The site has an admin section where you can delete unwanted videos and pictures. You or your visitors can also submit videos manually. To prevent spam all submitted data have to be approved by the administrator. After each video and picture the script auto generates Myspace code to use in Myspace profiles.- huge traffic builder
Additional features:

1. Most popular and top rated videos and pictures
2. AIM to a friend
3. Site search

Installation is super easy
