Financial Calculator Suite

Hits: 1,632

Description: A customizable mortgage calculator gadget for websites. Paste the scripts from the resource page into any webpage to have an interactive Flash calculator show the target webpage. There are over 20 calculators, including mortgage, car loan, business loan, credit card and life insurance calculators. Each calculator has an instantly-customizable color scheme meaning it can be branded with the look and feel of the client site - in the script it is possible to specify the RGB values of each calculator's background, headings etc.
