Oddball Auctions money-making script Hits: 1,531

Description: This Oddball Auctions script will provide webmasters with easy to install, fresh daily content for FREE!

Additionally, if a webmaster has an ebay affiliate account, the script allows them to enter their PID, and receive credit for 50% of the clicks from their site. Once someone clicks on an interesting auction, ebay places a 7-day cookie on their computer. So, if the viewer buys ANYTHING on ebay in the next 7 days, ebay pays a commission. For example, if one of your viewers clicks on "image of donald duck in a pancake", then leaves ebay, then, the next day they buy a car from ebay, ebay pays a commission on the car!

(Note: to use the PID feature or to modify the number of auctions displayed, you must go to
