SoftNet Super Slots

Hits: 1,349

Description: This software designed for the internet, it will serve to your visitors a fully functional slot machine game that needs no plug-ins or downloads. The game images are refreshed after the game is played through, so there is no interruption as the game is played. The features this software offers: 1. Visitors do not need to download anything, runs right from your web site. No extra plug-ins needed. 3. Easy to use game console. Selections are, Start game (starts existing game), Reset game (resets new game to the starting dollar amount), Casino on/off (turns background sound on and off). 4. Visitors game is stored in a small 1 Kb file on the server, every time the visitor comes back to play the game it automatically recognizes the visitors machine.
