Flash Flip Book

Hits: 4,432

Description: A flash flip book digital magazine is an enhanced electronic magazine replica presented in an on-screen flip-the-page format. This online "print magazine layout" formatted digital magazine can be viewed by anyone, anywhere, anytime over the Internet. This digital magazine solution provides new readership, advertiser, publication brand, and profitability growth opportunities for publishers.

Give a web presence to your magazine, don't settle with website looks when you can give a book look.

If you want to make a nice looking book with front and rear cover pages, you no longer need to pay a big price and haunt for some specialist. It is so easy and economical.

Flash book is a very unique concept. Very attractive and eye catching to use for the kids books.
