## Groupware e-Gru

Hits: 940

**Description:** Groupware e-Gru is a groupware that was developed in Japan five (5) years ago. It's been widely used in Japan as a simple business solution to most of the successful companies there. It can monitor your employee's activities, and at the same time, share resources to help improve your employee's productivity. Best part of it is, it's free to use! It is very useful for small businesses that demands better productivity. Plus, the free version never expires!
