Description: Sothink SWF Catcher for IE helps you saving multiple Flash based charts, presentations, e-cards, games and Flash movies in IE at one time. Every element in a Flash movie is fodder for Sothink SWF Decompiler. It breaks Flash down into its component parts, including sound, images, fonts, buttons, and even action scripts. Another software program is Sothink Gland, which is the fastest and easiest way to create your own Flash works professionally.

Resource Specifications

Version:	1.0
Platform(s):	windows
