Schlabo's Scripts - Show Picture (SP)

Hits: 17,873

Description: When linking to a picture this script automatically creates HTML pages on the fly with the picture, a description and a link back to the referring page. Also features Display-Counting, guest-logs (also for Top XX pics), a comfortable administration interface, picture-uploading, easy-to-use custom templates, password protection, IP tracking and more.

Resource Specifications
