MLA Australian Xup Script

Hits: 205

Description: This script can be configured as a standard unlimited width affiliate program that allows commissions to be paid to affiliates up to 20 levels deep OR as an Australian 1up, 2up, 3up, etc.

The options are too numerous to mention but here are a few: Standard Unlimited Width Affiliate Program Details:

- * Unlimited width and up to 20 levels.
- * Commissions are made only when paid members join.
- * Option to allow free members.
- * Option to delete or inactivate members.
- * Inactive members are taken out of the programs downline but not deleted.
- * Inactive and deleted members downlines will roll up.
- * Free and inactive members can upgrade to paid or active through members section.
