# Taskee – website testing communication tool Hits: 335

**Description:** With Taskee you can assign, comment and manage tasks directly on your website. All tasks are website related. This new approach makes it easier to track and monitor all your and your clients/employees tasks at one place.

Taskee is a web 2.0 application aimed mainly for webdesign companies (designers, coders, managers and final clients) helping to communicate and assign tasks in final phase of testing their website before the launch.
