## xMDB viewer

Hits: 1,396

**Description:** xMDB is an open source browser based movie collection viewer. It lets you browse your collection of movies DVD, CD (VideoCD, DivX,...) in a web browser. I wrote xMDB to demonstrate the power of client-side XML/XSLT processing.

### Resource Specifications

<b>Version:</b>	0.3
<b>Platform(s):</b>	linux, windows, freebsd, osx, sun
<b>Date Added:</b>	Jul 13th, 2007
