Talking Web Sites, Talking Testimonials, Talking Ads, Talking Emails and more

Description: This new service lets you create talking websites and talking emails in just seconds. It's as simple as using the phone.

In fact, businesses can also use it to collect customer voice testimonials using a toll free number. As you know, the world's best marketers all agree that testimonials can increase sales by up to 400%

It's a new fantastic service that lets anyone create talking websites, talking emails, and talking testimonials in just a few clicks - no technical knowledge needed.

Vocalix does it all easily...

- * talking websites
- * talking emails
- * talking newsletters
- * ads, reports
- * audio presentations
- * audio reviews
- * voice testimonials
- * audio training
- * online seminar
- * podcasting
- * talking ebooks
- * ebay

Other great thing is that the company behind this program has created a very attractive referral program, where you can make lucrative residual income from home.
