## JCimagehost

Hits: 1,903

**Description:** JCimagehost is a simple image upload service you can add to your site. It is the "little brother" of JCphotohost.

The user is presented with an upload box, and then given the URL of the image once it has been uploaded.

The script also uses the JCCorp template system to allow you to create more templates.

### Resource Specifications

<b>Version:</b>	1.0.0
