NuclearBB: The Most Powerful Bulletin Board Hits: 2,468

Description: NuclearBB is a state-of-the-art forum system offering a fresh view in the messaging field. With its modern interface, NuclearBB is a simple yet sophisticated software suited to all websites regardless of their genre.

With its efficient engine and design, NuclearBB incorporates many superior features into its highly customisable style and programming.

NuclearBB makes use of Ajax and javascript to create an excellent, simple to use but elaborate forum system presented in a fabulous design.
