Proxy-Script.com - Premium PHP Proxy Script Hits: 2,527

Description: PROXY-SCRIPT offers one of the most advanced proxy scripts available on the net.

Infact we'd like to think it is the best available.

You will notice server load differences on busy proxies right away. There will be no question in your mind that it deals with server resources better than others.

The script allows browsing through SSL and non-SSL logins like others can't.

Included with your purchase is the full opensource code. You can modify the script as much as you want to fit your needs and use it on all your domains.

Affilaite Program:

Get \$24.99 per sale on this great volume niche market that has no competing products!

Proxy-Script.com offers proxy webmasters/investors a great script to help grow their profits and reduce their server fees.

Affiliates able to provide volume traffic should contact us for for even greater commisions.
