Speaker's Bureau - SEP City

Hits: 220

Description: The Speaker's Bureau enables you to manage speakers that are interested in speaker to a group or an individual person. The speaker's are organized by topics and/or speeches that they are interested in talking about. This software is written in standard ASP and uses a Microsoft Access database for the backend. We do not provide any support for this product but please feel free to download this and modify its source code to fit your needs.
