Sports Manager - SEP City

Hits: 485

Description: The Sports Manager enables you to create coaches, games, and players for your school. This software will generate the schedule for the games to be played and you can enter the scores for games that are in process or already passed for future lookup. This program is in standard ASP and uses Microsoft Access as the database backend. No support is provided for this product from us, however you have the full source code to make modifications to this product to fit your own needs.
