Auto FTP Manager

Hits: 320

Description: Auto FTP Manager is a powerful FTP client that allows you to establish a connection to any FTP server and automate file transfers. You can schedule transfers, synchronize directories, and manage files on the FTP server. The intuitive interface lets drag and drop files and directories between your local system and an FTP server. Command-line control lets you add automated transfers to your scripts. Works with Windows 2000/2003/XP/Vista.
