Secure Delivery - Automatic Digital Product Delivery

Hits: 421

Description: Secure Delivery is an easy to use, customizable digital download delivery service. You can use Secure Delivery to automatically deliver your digital goods such as ebooks, mp3s, video and image files, scripts and programs, and more.

Support for PayPal and 2CheckOut as well as ClickBank and PayDotCom affiliate programs. With nothing to install or configure on your website Secure Delivery can be used to post payment / checkout buttons to your personal website, blog, forums and newsgroups, and even email. Secure Delivery is constantly updated to meet new payment processor guidelines so there is never anything to upgrade or patch.

Plans feature no bandwidth, storage space, or transaction limits. Free and paid plans allow you to sell one product or many. Clean, easy to use interface that walks you through product set up step-by-step and has you selling your digital downloads in minutes.
