## Awarescripts.com Photo Album

Hits: 1,278

**Description:** Categorize your photos and this will output them without you having to do any coding to add pictures. Simply upload your pictures to the selected folder and this script will automatically add it to your photo album. Best of all, you can add your own formatting and template. This script was developed by Howie at [www.awarescripts.com](http://www.awarescripts.com).

### Resource Specifications
