Event Registration Pro for Joomla!

Hits: 1,318

Description: Registration Pro is the event registration component that the Joomla CMS community has been waiting for.

With Registration Pro you can post and accept registrations to your events and optionally charge for your event via PayPal. This is the most robust event registration tool for Joomla website administrators.

Gain a competitive advantage with great features:

Increase Attendee Satisfaction

Reduce Administrative Costs

Fully-customizable online forms to collect data from you registrants.

Seamless integration for accepting payments to your events.

Automated confirmation and reminder emails to help increase attendance.

Waiting List.

Image handling - Post images for visual stimulation.

Customizable email template manager - Sends 4 types of emails

Create Professional Forms in Minutes

Sophisticated Validation for your forms

Email Autoresponders with rules based delivery

Seamless Integration with your website

Works with Joomfish language translation
