Sothink JavaScript Web Scroller and DHTML Menu Suite

Hits: 391

Description: Sothink JavaScript Web Scroller creates horizontal and vertical scrollers including ads, events, news, slide shows, etc. It integrates well with Dreamweaver, FrontPage, Expression Web and GoLive. Scroller can include text, images, their combination or HTML code. Database-driven web scroller is supported. The scroller can detect the browser's window size and fit the window automatically. Rich built-in templates and image library are provided.

Resource Specifications
