iMageClip

Hits: 231

Description: iMageClip is a desktop tool that combines a capture utility with drag'n drop image viewing and processing while doubling as a clipboard extension for graphics! iMageClip enables you to load a variety of graphic formats and save them as bmp, jpeg, png, gif or a 256 color icon. Together with WYSIWYG resampling and wallpaper management makes iMageClip one of the most flexible and comprehensive examples of this kind of software you can find. ... and it's FREE.
