# TPCS No Right Click v1

Hits: 220

**Description:** There are many reasons you might want to disable the right click function within your webpages. Maybe you want to try and protect your images or source code etc... A javascript that can stop your visitors from right clicking on your webpages is quite helpful. This no right click javascript also has the option to pop up an alert to your visitor and/or close the window if desired.

## Resource Specifications
