CaptureXT Screen Capture

Hits: 63

Description: CaptureXT Screen Capture is a screenshot taker and professional presentation software. Capture any part of your computer screen, edit it, apply edge effects with real-world shadow to enhance communication and share easily. Put shadowed text, lines, arrows, translucent shapes to illustrate your ideas effectively. Save your work in popular image formats (jpg, gif, bmp, png, tiff, wmf) or directly paste to your presentations, marketing materials.
