**Description:** Russcom.net has for a while been a popular site, and unfortunately closed. I have gotten together with the original owner and he agreed to allow me to re-open the site. He provided me with all of the original scripts and setup. I have completed setting it all up and welcome all users.

All of the scripts will remain Freeware and OpenSource, All that we ask is that you link back to Russcom.org on your site. The scripts are even free for Commercial Usage (When you link back to us)
