Art Flash Gallery CS3 Component

Hits: 3,068

Description: Art Flash Gallery cs3 Component is based on Adobe Flash (cs3) technology. It will help you easily post any images on your site in a matter of minutes. The gallery will organically blend with any design thanks to multiple appearance settings.

FEATURES: Based on Adobe Flash cs3 technology, Powerful Dynamic Engine with caching control, Gallery parameters configuration via XML, Advanced appearance configuration possibilities, Multiple image transition effects, Convenient thumbnail bar, Navigation bar, Image Captions, Slideshow Mode, Full-screen Mode, Sound Effects.

Ease of configuration and a user-friendly interface allow installing and using Art Flash Gallery without any special skills. Even novice users will have no trouble creating a new image gallery of their own. Two versions available: FLASH CS3 COMPONENT for Adobe Flash CS3 users and SWF-OBJECT for users who do not have Adobe Flash.
