**Great Product, Easy to set up, Made my store better!**, Apr 18th, 2008

Very easy to use. Very easy to set up. I was up and running in under ten minutes. I didn't have to install software or cose. I have multiple digital products, Cerizmo made it very easy to manage each one and offer budles.

Light years ahead of other digital delivery sites!! The customization feature alone is worth it, I made the templates match my site.

On the customer side, the order process is very streamlined, I'm hoping that will cut back on abandoned shopping cards. Very pleased!
