Candid Media Suite

Hits: 130

Description: The Candid Media Suite is an XML-driven web Flash gallery that allows you to manage images, movies, or even other flash SWF's. You media can be managed from the web via AJAX drag-and-drop menus or from a desktop application that allows for drag-and-drop uploading and management. Custom themes allow for complete customization of the gallery without the need for any additional software.

Resource Specifications

Version:	1.1
