SMS Nexus

Hits: 451

Description: Over 50% of all cellular phone subscribers have a text messaging plan. For those of us without text messaging, it is now possible to send free sms text messages without being charged on our phones by using SMS Nexus.

Your site visitors can send text messages to virtually any cellular phone. It does not cost site owner anything to run the script or send the messages. All charges are incurred by cellular users.

Some european providers charge extra gateway fees to be able to do web to sms, so check with your provider or try before you buy before making a decision.
