Little Q&A / FAQ

Hits: 2,414

Description: A Little Q&A / FAQ is a simple question and answer solution that allows users to ask a question for the web site to be answered by the webmaster or administrator. This will serve as a Knowledge Base of question that visitors can browse and find answers to there questions. This script is designed to easily be incorporated into a current web site with its own headers and footer or a stand alone by simple linking to the main php file. A Little Q&A offers an easy to use admin interface that is integrated into the guest user interface. Once the admin is logged in they will see links and options that aren't otherwise visible.

Resource Specifications

Version:	v.90 beta
