URL Redirect | Ad free short subdomain redirection service

Hits: 478

Description: Introduction :

URL Redirect is an ad free URL forwarding service for websites. We support 10 main domains and you are allowed to create unlimited subdomains. Signup for free sub-domain name! and use it to access your website, no matter where it is hosted. Should you ever wish or be forced to switch website providers, simply update your account with us to forward to the new address. Isn't that simple! We don't post any ads.

New feature :

Now get a free mail id with your free redirection account (subdomain@maindomain.ext n) which includes Google Applications support.

Regular features :

Free Domain Name. (10 Main Domains Supported)

Free Url Cloaking.

Free Path Forwarding.

Meta tags support.

No banners or popups.

Detailed traffic reports.

Optional www prefix.

Control Panel.

Fast Instant activation.

Also we give you professional support.

Hope you enjoy our service ! :-)
