Lacking features, May 15th, 2008

Reviewed By: TweakThis

Nice idea but it could be improved. I zero my trip computer when I fill up, so I know exactly how many miles I've done and it starts from 0. So, having 0 as the default value would be good. Also, there should be options for litres or gallons and for miles or kilometres. It would be good to support more currencies too e.g. British Pound, Euro, Yen, Aus\$ etc.
