## DT Centrepiece 4

Hits: 1,052

**Description:** DT Centrepiece 4 is a free open-source classic asp-based cutting-edge CMS for personal or commercial use.

With DT Centrepiece 4, you can:

Make a great website quickly without any programming knowledge

Add edit and delete content from your web browser

Have a website which is functional, and looks great

Easily deny and allow access to various parts of your website

Let your users find what they're looking for quickly with the related pages toolbar, the page content toolbar, and the search page

Post comments on any page

View advanced traffic information, so you know who's visiting your website and what they're doing

Give your website well-made content with FCKEditor

Choose from multiple user registration modes: AdminEmail, AdminConfirm, UserEmail, Automatic, and Disabled

DT Centrepiece 4 supports MS Access databases and MS SQL databases.

Still not convinced? Visit our website at [www.dt.net.nz](http://www.dt.net.nz), or try it for free at [www.smallbiz.net.nz](http://www.smallbiz.net.nz).
