SharpPieces ASP NET Fancy upload component

Hits: 274

Description: Using this great component from SharpPieces, you can manage the upload of multiple files, as easy as you would with the classic asp net FileUpload control.

Did I mentioned it's open source and completely free?

You can download it from <http://www.codeplex.com/SharpPieces/> and see it in action at <http://www.sharppiece.com> Enjoy.

Resource Specifications
