# Flash Video MX Pro

Hits: 305

**Description:** Flash Video MX Pro is to convert video to Flash (SWF) and Flash video (FLV) with functions that let other programs feel powerless, yet easy to use!

In addition to H.264 video encoding for bandwidth saving, Flash 8 with alpha video encoding for video overlay, Flash 8 video encoding for high quality, MX Pro with its newly polished UI and gorgeous Player skins, supports also video trimming and cropping, watermarking, subtitle adding, amazing video effects, and Cue Points for different events and navigations, etc. With these enhanced functions, this program is to be the best and the must choice for worldwide users. MX Pro converts AVI to SWF/FLV, DVD to SWF/FLV, MOV to SWF/FLV, WMV to SWF/FLV, MP4 to SWF/FLV, 3GP to SWF/FLV, MPEG to SWF/FLV, etc.
