## Suzy's Javascript Photo Album

Hits: 52,902

**Description:** This is a fully featured photo album script written in JavaScript. Features: Previous, next, \*and\* random buttons; a menu list to choose from all the photos; a search feature; a "photo album page" that automatically contains the date the picture was taken and a description of the picture; the image automatically sizes to the browser window; and easily add the information to use this script with your own images. Little to no javascript knowledge is required for its use!

## Reviews for Suzy's Javascript Photo Album

**it's awesome**, Apr 30th, 2001

Reviewed By: dockirk\_

It keeps all my photos online and in order. I love the script and the maker.
